To Whom It May Concern:

I hereby confirm that, as of the date of this letter, NCS Pearson, Inc. is the only exam delivery provider that Microsoft Corporation has entered into an agreement with to deliver Microsoft Office Specialist (MOS) and Microsoft Technology Associate (MTA) certification exams.

The MOS certification program is Microsoft's only certification program for the Microsoft Office suite of software which includes Microsoft Word, Microsoft Excel, Microsoft PowerPoint, Microsoft OneNote, Microsoft Outlook, Microsoft Access and Microsoft SharePoint.

Microsoft Technology Associate is a certification program intended for aspiring technologists, and people seeking knowledge of fundamental technology concepts. MTA certification addresses a wide spectrum of fundamental technical concepts, assesses and validates core technical knowledge, and enhances technical credibility.

You can find more information about Microsoft certification at:
